

number of villages in Indi taluk where five per cent of the area has been affected is 29, and the number of villages where 10 per cent of the area has been affected is 6. As regards cotton crop, the number of villages in Indi Taluk where 5 per cent of the area has been affected is 10 and the number of villages where 10 per cent of the area has been affected is 8. The loss to standing crops is thus neither heavy nor alarming. There is no anxiety for foodgrains or fodder in Indi taluk.

The seasonal conditions in other Taluks of Bijapur District are more or less the same as those in Indi Taluk, as there were similar unseasonal and untimely rains in those taluks also.

Adequate funds have been placed at the disposal of the Tahsildar, Indi, in order to adopt suitable relief measures if any individual cases of heavy loss due to the rains come to notice. In fact, no such cases have so far been reported.
